

GREATER VANCOUVER REGIONAL DISTRICT EMPLOYEES' UNION

Media Release

October 2, 2023

GVRDEU Announces Legal Strike Position, but No Active Picket Line Today

GVRDEU, representing approximately 670 dedicated and hardworking employees across the Greater Vancouver Region wishes to inform the public that we have officially entered a legal strike position. While this is a significant development in our ongoing negotiations, we want to clarify that there will not be an active picket line today.

We understand the importance of our members' jobs and the impact on the community, and we are committed to taking measured actions that prioritize both our members' interests and the broader community.

Going forward, GVRDEU will initiate various job actions. We believe this approach will allow us to exert the necessary pressure on Metro Vancouver.

We will continue to provide updates as the situation evolves and as we progress through the various stages of our job actions to work towards a fair and just resolution.

Sincerely,

GVRDEU Executive Committee
