

## GREATER VANCOUVER REGIONAL DISTRICT EMPLOYEES' UNION

November 3, 2023

Dear Brothers and Sisters,

We are pleased to announce that after close to 19 months of bargaining with the Employer, your Bargaining Committee (after a three-day session at the Labour Relations Board) has reached a tentative settlement with the Employer this morning at 4:00 am.

Details of the tentative agreement will be communicated to the membership in the very near future by the Bargaining Committee. An information session and a ratification vote will be held in the near future, at a time and date to be determined. The Employer will also need to ratify the tentative agreement at the Metro Vancouver Board meeting on November 24<sup>th</sup>, 2023.

As you are all well aware, this most recent round of bargaining was particularly challenging, and we could not have reached a deal without the support of the entire membership.

In Solidarity,

Your GVRDEU Bargaining Committee
